Property Insurance

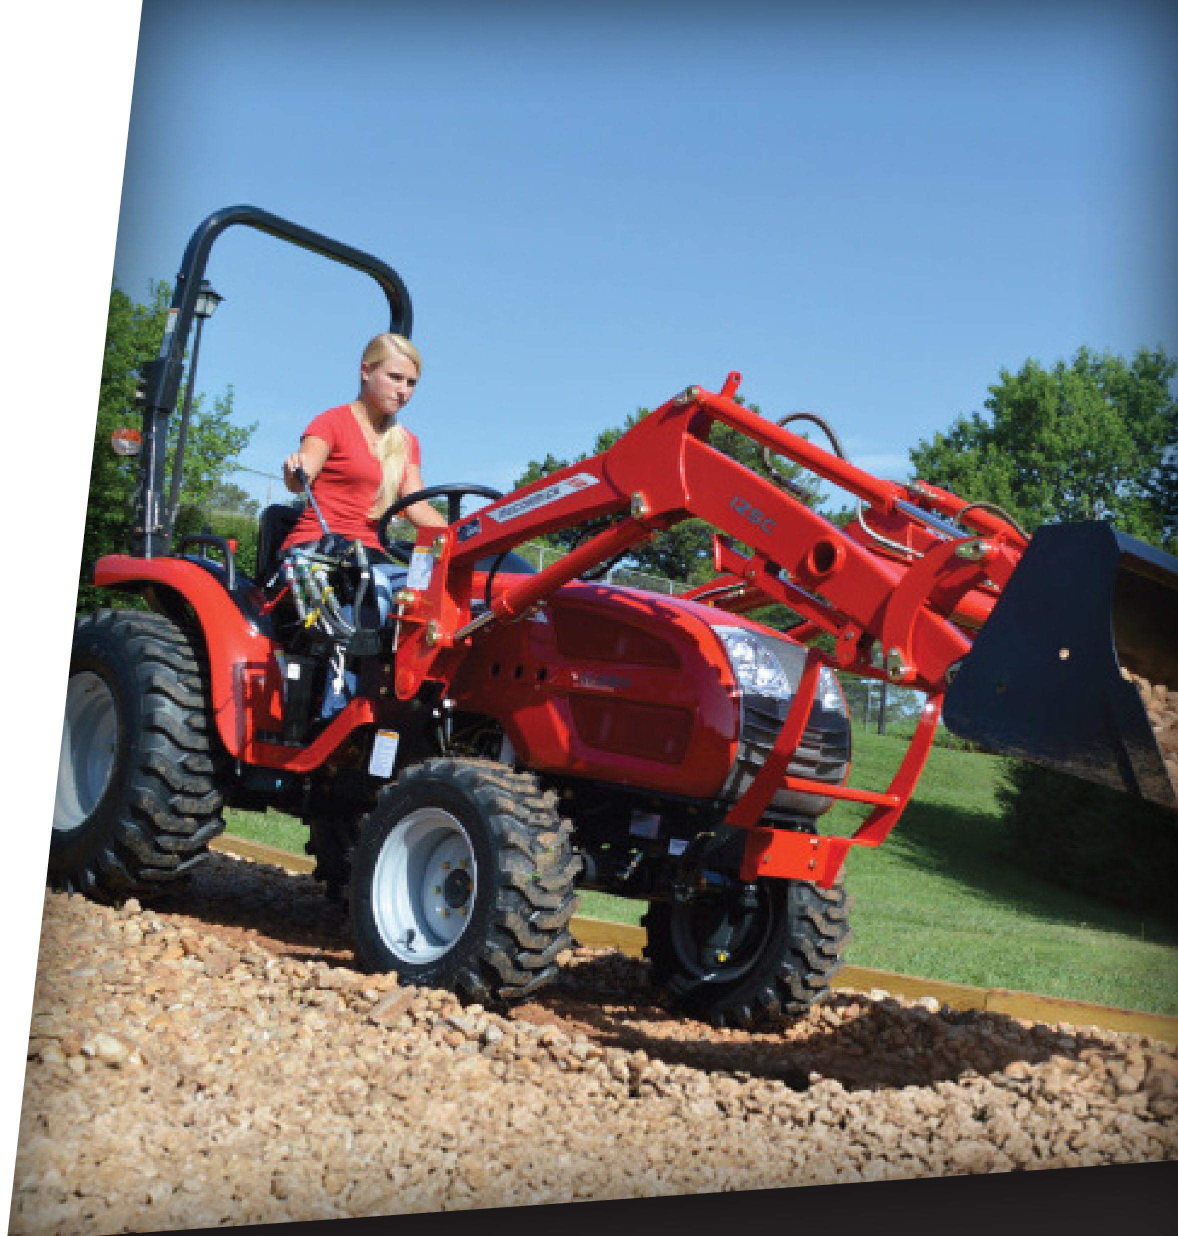
powered by Vibrant

Choose the coverage that's as hard-working and dependable as your McCormick is.

Sure, you may already have insurance.
But are you really protected?

With Vibrant, you can count on:

- Reimbursement up to the actual cash value of your McCormick
- Coverage against accidents in transit or off-premises
- Protection for both personal and commercial use
- Premiums that don't go up even if you make a claim



Ask your dealer for pricing!

Physical damage insurance is a requirement of your financing contract—and your current homeowner's or business liability coverage may not provide complete protection.

Tell your McCormick dealer you want to include coverage through Vibrant. It's that easy!

We've taken the stress out of finding the best deal.

Vibrant has worked hard to find the absolute best coverage for our McCormick members. With Vibrant you can count on:

- **Low $500 deductible per incident:** Repairs can be done at a facility of your choice

  All-inclusive coverage: Protect your non-McCormick accessories, including your trailer

  Total loss protection option: Get up to the actual cash value of your McCormick

- **Convenient payment plan:** Insurance premiums are included with your loan payments, so you have one less bill to think about

Best of all, because we're partnered with the same organization handling your equipment financing, shopping for coverage is as easy as letting us know you'd like to have insurance.

COMPREHENSIVE EQUIPMENT PROTECTION

Glass breakage	**Wind**
Accidental damage	**Fire**
Theft	**Lightning**
Vandalism	**Water damage**
Tornadoes	**Earthquakes**

Floods	

And anywhere it goes...

- At your home or business
- On the job site
- In transit

Just about the only things that aren't covered are mechanical breakdowns and normal wear and tear. *(See your disclosure form for full details.)*
